### TWO HELD OVER.

Anderson and Goldsworthy Are  
Placed Under Bond.

The Examining Trial of Empire  
Prisoners Concluded  
Friday.

The trial of the five men charged  
with the shooting, at Empire Coal  
Mines Oct. 26, was concluded Friday  
afternoon.

Ed Goldsworthy and Ellis Deckard  
were released early in the trial.  
At the close of the examination,  
which occupied five days, Judge  
Cansler dismissed the charges  
against Geo. Phillips and held over  
Jim Will Anderson under a bond of  
\$1,500 and Will Goldsworthy under  
a bond of \$500.

Both men gave bond Saturday  
evening and all of the five prisoners  
returned to their homes.

The speeches of the attorneys for  
the prisoners, at least two of them,  
were very bitter.

Judge Yost was severe in his  
criticism of the deputies who were  
sent to Empire to restore order and  
also strongly censured Jailer Williamson  
and other county officials.  
He roundly abused the Empire Coal  
Company and demanded the release  
of the miners as a much persecuted  
set of laborers, in a struggle  
between labor and capital.

Mr. R. Y. Thomas, of Greenville,  
was even less guarded in his utterances  
than Judge Yost, and his abuse  
of witnesses came very near  
to involving him in personal difficulties  
in one or two instances. He  
referred to Officer George Lander  
as a "puppet of the Empire Company."  
Officer Lander understood  
him to say "puppy" and a personal  
altercation was only averted after  
they left the court room by a timely  
explanation by Judge Yost, who  
acted as peace-maker.

Mr. Chas. H. Bush, who was also  
on that side, made a speech along  
entirely different lines, dealing  
with questions of law and evidence  
and avoided a course that was cal-  
culated to prove hurtful to his  
clients.

Mr. M. M. Cavanaugh, a prominent  
farmer of the Sinking Fork neighbor-

night, of pneumonia, aged 55 years.  
She was a most estimable woman  
whose death causes universal sor-  
row among her neighbors and  
friends.

She was a sister of Mrs. E. H.  
Brown, of this city. Mr. and Mrs.  
Brown attended the funeral ser-  
vices Sunday.

**SLAUGHTER OF SWINE.**

Many Fat Porkers Killed in Coun-  
try Last Week.

Many farmers took advantage of  
the fine weather for hog killing last  
week and a large number of porkers  
were slaughtered. As corn is  
very scarce the "cold snap" was  
welcomed by those whose swine  
had accumulated sufficient fat.

**Trial Set for Thursday.**

The examining trial of Henry  
Davie, the slayer of Jerry Wilson  
at Hinsleyton on the 10th inst., is  
set for next Thursday.

### FATAL RIOT.

Pitched Battle Waged Between  
Miners and Strikers at  
Providence.

Six Men Shot and State Troops  
Hurried to the Scene Sunday  
Night.

As the result of an attack Sunday  
morning by a band of about seventy-  
five armed union miners on the  
nonunion miners and guards em-  
ployed by the Providence Coal Com-  
pany, in Webster county, one man  
was killed, another was fatally  
wounded and three men were  
seriously wounded, while the man  
who is believed to be the leader of  
the attacking party, is reported  
to have been killed, and many persons  
have narrowly escaped from death.

The shooting continued about  
two hours. Troops are now on the  
scene, and no further trouble is an-  
ticipated at present.

**The Dead.**  
Garrett Givens, a union miner.  
Reported Killed.

**Artie Oates.**  
Fatally Wounded.

Bud Couch a union miner.  
Seriously Wounded.

John West, nonunion miner. Shot  
in the thigh.

Morton Bush, nonunion miner.  
Shot in the shoulder.

Hutch Dawson, nonunion miner.  
Shot in both arms.

**The Battle Begins.**

The trouble commenced at 6  
o'clock, when a company of about  
seventy-five armed union men ap-  
peared on a hill about four hu-  
ndred yards from the slope mine of  
the Providence Coal Company and  
began firing on the tipple. At the  
first fire the guards were aroused,  
and immediately prepared to resist  
the attack. They were soon joined  
by many of the non-union miners,  
and the fire of the attacking was  
returned.

**Guards Repulsed.**

The attacking party continued to  
fire on the tipple, and the guards  
and nonunion miners were forced to  
run and seek shelter elsewhere, as  
the bullets were falling all around  
them. Many of the guards sought  
refuge in the homes of the nonunion  
miners. Others hid behind box  
cars and coal cars and again began  
firing at the men on the hill.

This time the fire seemed to, hot  
for the attacking party, and they  
sought shelter in an old ravine.  
From this position they opened fire  
on the residences of the nonunion  
miners at the foot of the hill.

The negro women and their chil-  
dren were forced to leave the houses  
and run for their lives to escape the  
bullets of the union men, who were  
firing as fast as they could.

The negro women and their chil-  
dren were forced to leave the houses  
and run for their lives to escape the  
bullets of the union men, who were  
firing as fast as they could.

**Charged the Rioters.**

Finding that their fire had  
little effect on the union miners, the  
guards and nonunion miners began  
to advance on them, hoping to make  
them stampede, but as they ad-  
vanced the union miners poured  
another heavy fire into them and  
they were again forced to seek  
shelter, this time behind a pile of  
coal slack, where they again opened  
fire on the strikers. The men in  
the ravine continued to shoot at the  
homes of the nonunion miners. As  
the occupants fled the fire of the  
strikers was centered on them, but  
none of them was injured.

Many of the nonunion miners  
tried to escape the bullets by hid-  
ing under their houses, but one  
man who sought shelter there was  
struck by a bullet of forty-four  
caliber and severely wounded.

**Re-enforcements Arrive.**

In the meantime re-enforcements  
for the guards and nonunion miners  
arrived, and they joined in the firing.  
The entire party concentrated  
their fire on the men in the  
ditch, and it became so hot that the  
attacking party scattered, getting  
behind trees and other places of

## Cataract Cannot Be Cured

with LOCAL APPLICATIONS, as  
they cannot reach the seat of the  
disease. Cataract is a blood or con-  
stitutional disease, and in order to  
cure it you must take internal rem-  
edies. Hall's Cataract Cure is  
internally, and acts directly on the  
blood and mucous surfaces. Hall'sCataract Cure is not a quack medi-  
cine. It was prescribed by one of  
the best physicians in this country  
for years, and is a valuable pre-  
scription. It is composed of the  
best tonics known combined with  
the best blood purifiers, acting di-

## An Ancient Foe

To health and happiness is Scrofa-  
la as ugly as ever since time immemorial.  
It causes bunches in the neck, dis-  
figures the skin, inflames the mucous  
membrane, wastes the muscles, weak-  
ens the bones, reduces the power of  
resistance to disease and the capacity  
for recovery, and develops into con-  
sumption.A scrofula appeared on the left side  
of my neck. It caused great pain, was lame, and  
became a running sore. I went into a  
general practitioner's office, Dr. W. T.  
Hood's Sarsaparilla, and when I had taken  
six bottles my neck was healed, and I have  
not had a scrofula since. I have had since

manently, as they have rid thousands.The Hope diamond, so called from  
the fact that for seventy years it  
has been in the possession of the  
English family of which Lord Fran-  
cis Hope is a member, was purchased  
from the latter in London on  
Tuesday by Simon Frankel, of 68  
Nassau street, New York. The  
sale of the famous gem was made  
through Adolph Weil, of London,  
who carried on negotiations with  
representatives of Lord Francis  
Hope on behalf of Frankel. It left,  
England for New York Saturday.  
The stone is about half an inch  
long and is set in a brooch. It is  
of a grayish blue color and is valued

"Royal" is a safeguard against alum, which comes in the cheaply made powders so often pushed upon the unwary purchaser. Caution your grocer never to send you any baking powder other than the "Royal."

"Take care of your money," said the  
boy, "and you will be successful."

"Don't you get tired looking at those  
things?" she asked, with a smile.

"I feel confused and stamp-  
ed," she said.

"There are so many things  
here today, mademoiselle."

"Which do you like best of all?" she  
asked.

Felix made another survey of the  
fair world. Finally his eyes rested  
on a large, pale, white stick-and  
ball. One of his chums, the autocrat  
of the newsboy's home, had one just  
like it. He looked up into the girl's  
face, and, pointing with his dirty finger  
to the toy, simply said: "That."

"That's a nice toy," she said.

The seeing the look of despair  
on the boy's face, she added: "Wait a  
minute till I come back."

Felix had hardly time to reflect on  
the strange interview when the girl  
returned with a package in her hand.

"Take this, my friend," it is my  
Christmas present to you. Think of  
me when you play with it."

Felix could hardly believe his eyes.

## NEXT ATTRACTION.

"A Guilty Mother" at Opera House To-morrow Night.

A play that has been presented to the theatre goers of the East and West for the past five years and been given in almost every known tongue, will be produced here to-morrow night Nov. 20.

"A Guilty Mother," is claimed to be one of the best of the many very excellent dramas brought to this country; it is admirably constructed, replete with laughter, real heart episodes, brilliant stage pictures, and marvelous mechanical effects; these are all perfectly brought together in harmonious action.

"A Guilty Mother," has the great advantage over other productions in that it appeals with as much force to the gallery as to the fashionable orchestra; this was conclusively proven in the last presentation of the play in New York, when both the Orchestra seats, which were \$1.50 each were crowded every night while the gallery, which was 25 cents was filled to overflowing, as well; the production will begin here with the same excellent cast, and in the most minute detail exactly as at its several New York engagements.

## Can You Afford To?

Can you afford to experiment with unknown and untried brands of Fertilizers, when you can get right here what you know to be good? Soils are of great variety, what suits your farm may not be adapted to your neighbor's. Experimenting may mean the loss of a crop, as well as the amount invested in Fertilizers. Every farmer knows Armour and Homestead, Eagle and Ox-Brand Fertilizers. They are no experiment. **It's Time to Put in Your Order Now** if you want it to come forward with shipments for Early Fall seeding.
